

## 1. Journal Scope & Article Types

FESJ publishes peer-reviewed work that advances knowledge at the intersection of engineering, scientific research, and technology-enabled sustainability. We welcome:

- **Original Research** – full-length experimental, analytical, or modeling studies.
  - **Review Articles** – systematic, scoping, or narrative evaluations of current literature.
  - **Short Communications / Technical Notes** – concise reports of preliminary findings or innovative methods ( $\leq 3\,000$  words).
  - **Perspectives & Commentaries** – invited essays or policy analyses.
  - **Editorials & Book Reviews** – commissioned by the Editorial Board.
- 

## 2. Preparing Your Manuscript

### 2.1 Formatting & Length

- Submit a single, double-spaced Word or LaTeX file on A4 or US-Letter paper with 2.5 cm margins.
- Use a 12-pt serif font for the main text and label all figures and tables within the manuscript.
- Number lines consecutively from the title page through references.
- Word limits (excluding abstract, references, and captions):
  - Original Research – up to 7 500 words
  - Review Articles – up to 9 000 words
  - Short Communications – up to 3 000 words

### 2.2 Structure

- **Title page** (separate file): manuscript title; author names, affiliations, e-mails, and ORCID iDs; corresponding author indicated.
- **Abstract**: maximum 250 words followed by 3–6 keywords.
- **Main text**: Introduction, Methods, Results, Discussion, Conclusions (IMRaD) or an appropriate alternative.
- **Figures/Tables**: cite in numerical order; supply high-resolution files ( $\geq 300$  dpi).

- **Supplementary material:** datasets, code, or multimedia can be uploaded as separate files.

## 2.3 Language & Units

Manuscripts must be in fluent English. Authors whose first language is not English should consider professional editing. Use SI units throughout.

---

## 3. Online Submission

- Submit via the FESJ Open Journal Systems (OJS) portal at *submit.fusionesj.com*.
  - A cover letter must explain the manuscript's significance, confirm originality, and disclose any related work.
  - One author must act as the corresponding author throughout review and production.
  - Free-format first submissions are acceptable; detailed journal style can be applied after revision.
- 

## 4. Peer-Review Policy

FESJ employs double-blind peer review: identities of authors and reviewers are concealed. Manuscripts deemed suitable by an Associate Editor are sent to at least two independent reviewers. Possible decisions are accept, minor revision, major revision, or reject.

---

## 5. Publication Ethics & Authorship

- **Authorship:** contributors must meet all four ICMJE criteria (substantial contribution, drafting/revision, final approval, and accountability).
- All authors must complete a **Conflict-of-Interest Declaration**; non-disclosure may result in retraction.
- Research involving humans or animals requires evidence of ethics approval and informed consent.
- FESJ follows COPE guidance on handling misconduct, plagiarism, redundant publication, and reviewer bias.

- Post-publication name changes are supported through an inclusive policy that preserves citation continuity.
- 

## 6. Data Availability & Transparency

Original Research papers must include a **Data Availability Statement** describing where supporting data, code, or materials can be accessed and under what conditions. Authors are encouraged to deposit data in FAIR-compliant repositories (e.g., Zenodo, Dryad, institutional archives).

---

## 7. Copyright, Licensing & Open Access

FESJ is fully open access. Upon acceptance, authors choose between:

- **CC BY 4.0** licence (default) – unrestricted use, distribution, and reproduction with attribution.
- **CC BY-NC-SA 4.0** – non-commercial reuse with share-alike conditions.

Authors must secure written permission for any previously published material (figures, tables, lengthy quotations).

---

## 8. After Acceptance

- Manuscripts undergo professional copy-editing and typesetting.
  - PDF page proofs are sent to the corresponding author; corrections must be returned within 48 hours.
  - Articles are published online first with a citable DOI, then assigned to a volume and issue.
  - Final HTML and PDF versions are archived permanently on *fusionesj.com* and in major indexing services.
- 

## 9. Article Processing Charges (APCs)

FESJ waives all APCs for submissions received before 31 December 2025. Thereafter, a modest fee will support open-access hosting and production. Waivers will be considered for authors without funding or from low-income countries.

---

## **10. Submission Checklist**

Before clicking “Submit,” ensure that:

1. Title page is uploaded separately; manuscript is anonymised.
  2. Abstract and keywords are included.
  3. All figures and tables are embedded and supplied as separate high-resolution files.
  4. Cover letter, conflict-of-interest forms, and ethics approvals (if relevant) are provided.
  5. ORCID iD is supplied for each author.
  6. Data Availability Statement is complete.
  7. Similarity check shows < 15 % overlap.
  8. References follow FESJ Harvard style.
  9. At least three potential reviewers with e-mail addresses are suggested.
-
